WHITEOUT! (formerly Sugarloaf Magazine) is an annual publication of the Original Irregular, the weekly newspaper covering the local news of Northern Franklin County, located in the magnificent Western Mountains of Maine. It contains information and features on the programs, events, people and services of Northern Franklin County's ski areas: Sugarloaf, Saddleback, Titcomb and Spruce mountains. We publish 18,000 issues in November which are distributed throughout the state of Maine, including the Maine Tourism Association Bureaus, Chambers of Commerce and at the Boston Ski Show. **WHITEOUT!** is also distributed throughout Franklin County during the ski season. The Original Irregular office is located on 239 Main Street in Kingfield, Maine. **COVER PHOTO:** Ethan Austin/Sugarloaf Backside
