Changes in vaccine coverage for children in effect

FARMINGTON — The Maine Immunization Program is now supplying childhood vaccines free of charge only for qualified children who are 18 years or younger.

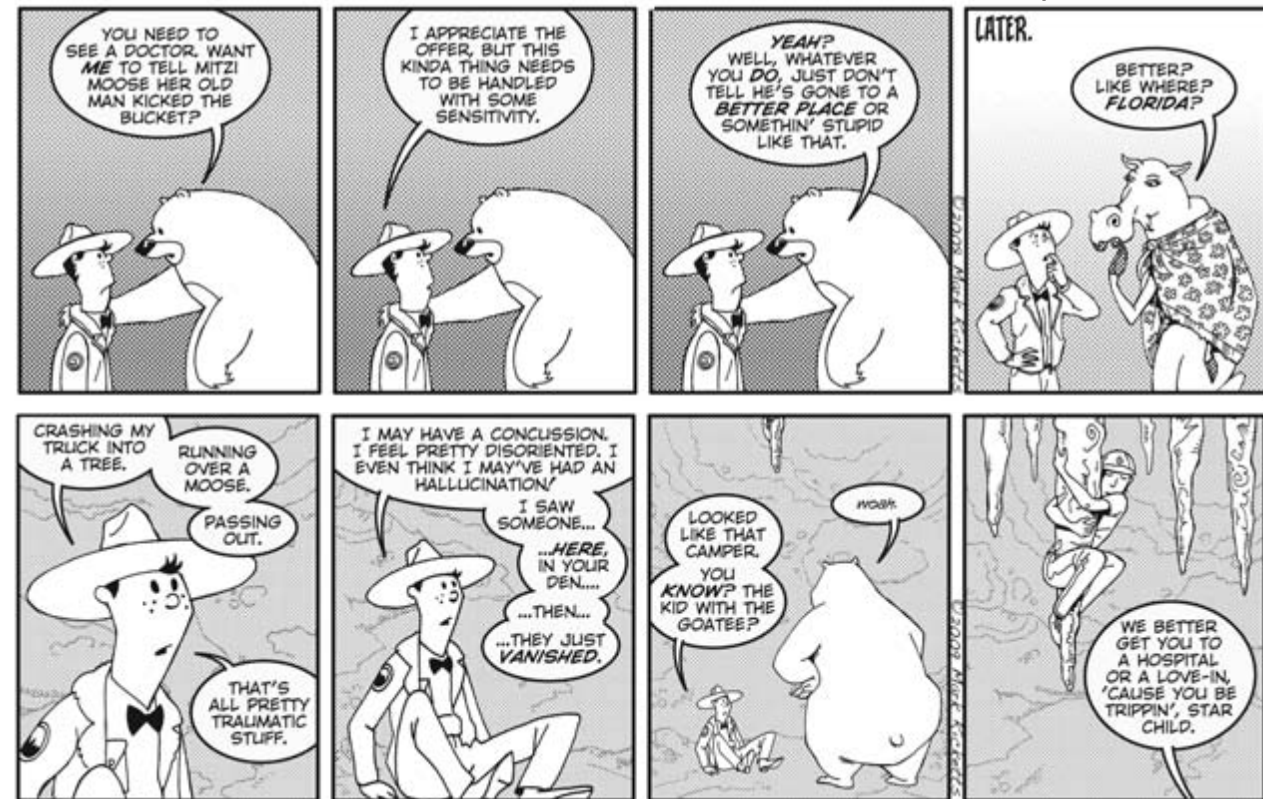

Qualified children include: those who have MaineCare for insurance; Native Americans; those who have no insurance; and those who are underinsured (have insurance that does not cover vaccine).

For all other children, vaccines received will be billed to one's health insurance. Therefore it is important to review health insurance coverage regarding vaccines before an annual visit to your family doctor.

Due to these vaccine supply changes, every child will be screened for qualification before vaccines are administered at Franklin Health Pediatrics, Franklin Health Farmington Family Practice, Franklin Health Wilton Family Practice, and Franklin Health Livermore Falls Family Practice.

Rundlett also urged all dog owners to pay their dog licenses before Jan. 29. After that the state will impose late fees. The New Portland Community Library Book Club will meet at 6:30 p.m. at the library on Jan. 8 to discuss William Faulkner's novel "As I lay Dying."

Selectmen also urged people not to park overnight at the town office as it makes it hard to plow. Selectmen also remind people it is illegal to plow snow across a public road. Don't forget that the Wire Bridge Thrift Shop is open every Saturday at the West Village in New Portland from 10 a.m. to noon with many wonderful winter clothing, bedding, ice skates, shoes, toy items at a low price.

The Central Girls will meet at noon at Longfellow's Restaurant on Jan. 14.

There are so many people in our community that need our prayers right now... my thoughts go out to Fred and Pat Niidas, Victor Nichols, Mary Daggett, Rod Dunham, our friend Dick Chandler and all of those who keep Howard in their prayers.
